PROJECTS

- A restaurant & bar website using HTML, CSS and Bootstrap. https://anurag-04-07-02.github.io/Vintage-Bar-Restaurant/

- An E-commerce website using HTML,CSS and Bootstrap. https://anurag-04-07-02.github.io/e-commerce/

- With these type of projects , I have also made some minor projects- a gym landing page and a flipkart clone using HTML and CSS and a website using Bootstrap

- Also made two websites using HTML, CSS and JavaScript. A dice challenge website (gives a winner on rolling a dice) and a drum website (which   produces sound of those musical instruments when clicked or pressed.)

- Made a company dashboard using bootstrap and PHP.
